

MATRIX COMMUNITY APP
STAY ACTIVE.
STAY FIT.
STAY CONNECTED.

In uncertain times, we all need our fitness routine more than ever. Now we can stay connected — to everything exercise and each other — with the Matrix Community app. Created in collaboration with EGYM using their branded member technology, the free app lets you become part of a virtual fitness community that’s always active with ways to stay healthy, share your struggles and victories and cheer each other on. The Matrix Community app is compatible with all of the most popular apps and wearables, and it brings all of your fitness data together in one place.

- Access a new workout every day, complete with photo and video support
- Create your own workouts from a comprehensive exercise library or select from carefully crafted at-home workouts
- Receive fitness, nutrition and wellness tips by enabling push notifications
- Create personalized goals based on number of workouts, calories burned, distance or time in the Goal Center, and capture progress with intuitive graphics
- Stay motivated by competing against other members in community challenges
- Cheer on others in the community in the activity feed
- Sync workout data from popular wearables, apps and equipment for a complete picture of personal fitness
- Compatible with Apple Health, Fitbit, Garmin, MapMyFitness, Misfit, MyFitnessPal, Polar, Runkeeper, Strava, Suunto, TomTom and Withings

Download the Matrix Community app and join us today. Let's come back from this thing stronger and better than we were before.

Click on the button from your smartphone to be taken to your respective app store.

GET THE APP

App only available through June 30, 2020 unless otherwise noted. No commitment required.

MATRIX COMMUNITY APP STAY ACTIVE. STAY FIT. STAY CONNECTED.
