

Join us in Sarasota for this year's YMCA National Masters Meet!

The YMCA National Masters Meet welcomes adult swimmers, ages 19 and older, to this annual event that celebrates health, wellbeing, and community. This year's meet is being held at the Selby Aquatic Center in Sarasota, FL, and will include hundreds of participants from local Ys around the country. Some participants were competitive swimmers in their youth, but many came to the sport later in life as they searched for a new pathway to health and a supportive community.

Volunteers Needed

Be a part of this inspiring event by volunteering as a lane timer! Timers collect race times for individual swimmers in their assigned pool lane. Consider gathering friends or colleagues and volunteering as a group for one of the sessions! Timers work mornings to early afternoons.

Interested in Competing?

All adult swimmers are welcome and there are no time standards to enter. The only qualification is that you are a member of your local YMCA.
